Die k. k. erste landesbefugte und ausschl. privileg.

Werkzeug-Fabrik in Wien,

Margarethenstrasse No. 65,

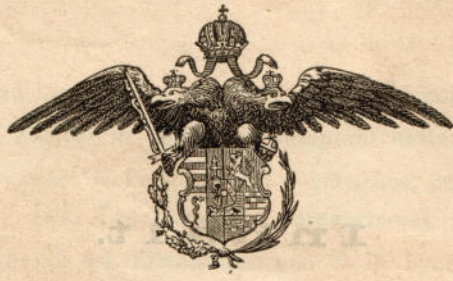

steht unter der unmittelbaren Leitung ihrer ursprünglichen Eigenthümer

JOH. WEISS & SOHN

und erfreut sich ihres ununterbrochenen Bestandes seit dem Gründungsjahre 1820.

Die Fabrik, im Jahre 1854 neu auferbaut, und im Jahre 1862 bedeutend vergrößert, ist speziell zur Erzeugung von Werkzeugen für Holzarbeiter — den neuesten Anforderungen der Zeit entsprechend — eingerichtet, und enthält nebst den gewöhnlichen **Hilfsmaschinen** und **Circularsägen** mehrere **Schraubenzwingen-Schlitzmaschinen**, **Bohrmaschinen**, **Winkel- und Verticalsägen**, **Hobelmaschinen** etc. etc. eigener Construction mittelst einer Dampfmaschine von 10 Pferdekraft im Betrieb und erzeugt wöchentlich circa 2000 Stück Hobel und diverse Werkzeuge.

Durch diese vortheilhafte Einrichtung ist die Fabrik in der Lage, mit jeder anderen Fabrik ihrer Branche erfolgreich concurriren zu können und **verweist auf die vielen Auszeichnungen**, die ihr zu Theil geworden, so wie auf den bedeutenden Absatz ihrer Erzeugnisse im In- und Auslande.

Sr. Wohlgeboren

Herrn Herrn

JOH. BAPT. WEISS,

Chef der Firma **JOH. WEISS & SOHN**, Besitzer der k. k. l. pr.

Werkzeug-Fabrik und meherer ausschl. Privilegien

i n

WIEN.

WIEN, 18. Juli 1861.

Euer Wohlgeboren

haben mich mit der Zusendung Ihres sehr verdienstlichen Werkes:

„Atlas österreichischer Werkzeuge für Holzarbeiter“

auf das Erfreulichste überrascht.

Dieses Werk ist eine schätzbare Acquisition für das unter meiner Leitung stehende k. k. technische Kabinet; insbesondere aber für die mit demselben vereinigte Werkzeug-Sammlung, um deren Gründung sich der verstorbene Professor der mechan. Technologie am k. k. politechnischen Institute G. Altmütter ein so grosses Verdienst erworben.

Der praktische, vielseitige Werth Ihres Werkes für Werkzeug-Fabrikanten, Gewerbsleute, technische Unterrichts-Anstalten und selbst für den Handel mit Werkzeugen ergibt sich aus der Reichhaltigkeit der den Atlas bildenden, mit vielem Fleiss, ausführlichem Detail und mit der — nicht hoch genug anzuschlagenden — Klarheit und Deutlichkeit ausgeführten Abbildungen Ihrer Werkzeuge.

Die Leistungen der industriellen Unternehmung, an deren Spitze Sie stehen, haben einen begründeten, daher wohlverdienten ehrenvollen Ruf, welcher selbst durch öffentliche Auszeichnungen bestätigt werden musste.

Es konnte daher nicht anders kommen, als dass Sie, der Chef eines so achtbaren Etablissements, wenn Sie sich einmal das Zustandebringen des vorliegenden Atlas vorgenommen, diese Aufgabe ebenso ehrenhaft und verdienstlich lösen würden, wie bei Ausführung Ihrer Werkzeuge.

Ich fühle mich noch verpflichtet, meinen besonderen Dank als Professor der mechanischen Technologie am k. k. politechnischen Institute für diese Zusendung auszudrücken, nachdem mir die Abbildungen in diesem Werke bei meinen Vorträgen wesentliche Dienste leisten werden.

Genehmigen Euer Wohlgeboren den Ausdruck ausgezeichnete Hochachtung

J. Reuter,

k. k. Rath, Professor der mechanischen Technologie am k. k. politechnischen Institute
und Vorsteher des k. k. technischen Kabinetes.

Anzeige.

Im **Selbstverlage** ist erschienen und durch alle Buch- und Kunsthandlungen des In- und Auslandes zu beziehen:

ATLAS

österreichischer Werkzeuge für Holzarbeiter,

namentlich für:

Tischler, Instrumentenmacher, Mechaniker, Eisenbahn-Werkstätten, Zimmerleute, Binder, Wagner, Schäfte, Sesselflechter, Zündhölzchen-Fabriken,

ferner **Werkzeuge** für

Buchbinder, Riemer, Glaser und Dilettanten,

der

k. k. ersten landesbefugten Werkzeug-Fabrik

von

JOH. WEISS & SOHN IN WIEN.

Ausgezeichnet bei der Welt-Industrie-Ausstellung London 1862.

Zusammengestellt und herausgegeben von

J. B. Weiss,

Besitzer des goldenen Verdienstkreuzes, Chef der Firma **Joh. Weiss & Sohn**, alleiniger Eigenthümer der k. k. ersten landesbefugten Werkzeug-Fabrik und mehrerer ausschliesslichen Privilegien in Wien.

Enthaltend 42 Tafeln mit 700 Abbildungen von Werkzeugen, nebst Ansicht der Fabrik als Titelblatt und einem beigegebenen erläuternden Index.

Preis per Exemplar fl. 5 österr. Währ.

Auf obige Annonce Bezug nehmend, erlauben wir uns auf den praktischen Nutzen dieses Musterbuches für Gewerbetreibende und Kaufleute hinzuweisen und berufen uns gleichzeitig auf das in vorstehender Seite des Umschlages uns von der Direction des politechnischen Institutes zugekommene Gutachten über den hohen Werth und die Brauchbarkeit desselben; — es ist gleichsam ein Nachschlagebuch, ein Rathgeber bei vorkommenden weniger bekannten Manipulationen, und der diesem Musterbuche beigegebene erläuternde Index hat einen reinen Geschäftswerth für Kaufleute sowohl im In- als auch im Auslande.

Wien, Mai 1864.

Achtungsvoll

Joh. Weiss & Sohn.
